

Public Announcement for the rest of July and August.

With the current rise in COVID cases in Oxford, the PCC along with the Vicar felt it wise to keep restrictions in place.

- **This means we will continue to wear masks inside the church and keep our distance from one another.**
- **Booking for services will not be needed, although we will reintroduce it if numbers grow significantly.**
- **Congregational singing will return with masks on please.**

I realise this is still a stressful and confusing time as we make choices based on our own circumstances. Some of you will be ready to bin the masks and I know others are still nervous about returning to in-person services. Be kind to yourself, there is no hurry to 'be' or to 'do' anything. God is with you and keeps us together even when we feel disconnected.

Remember we will continue to LIVE stream our services when we can and do contact Alison (our administrator) 01865 580354 if you would like more information on upcoming services or look at the website - stnicholasmarston.org.uk

Much love and Blessings to you over the Summer Holidays, Skye
